## PROJECTS

### PLATZI-VIDEO

HTML - CSS - SASS

- Indexed images from *pexels.com* to create carousels with interactive transitions.
- Implemented elemental sub-pages like: home, register, login and error 404 screen.
- Focused the design to mobile first and responsive design.

### INSTAGRAM NEU-DESIGN

HTML - CSS - SASS - JAVASCRIPT - API

- Re-designed the Instagram user interface applying neumorphism concepts.
- Consumed the Instagram Graph API to take the media and data from my profile and print it. In addition, this data will be updated automatically.

### MEME GENERATOR

HTML - CSS - SASS - JAVASCRIPT - REACT - API

- Structured the project on the React library.
- Consumed the API from *imgflip.com/api* to show images and added a button to change them.
- Programmed 2 text inputs which output is printed over the previous image, resulting in a meme.
